COMPETITION UPDATES

January 2019

Several events have taken place recently and delays have been experienced getting the results published so read at the following and cheer, or weep!

25m .22 Precision Rifle Competition 2018

held on the 25 November.

The scores were very close together such that there was only one point separating the top five places and a three way tie for first. It was agreed that they should be scored outwards and then the number of tens counted to get a winner!

Place	Name	Score	Number of tens
1	Mark S	94	10
2	Shane A	94	6
3	Bryan H	90	2
4	Rodger K	89	3
5	Nigel L	89	3
6	Jim Star	89	3

Congratulations to Mark

.22 Benchrest Competition

This was shot on Sunday 13 January.

This shoulder to shoulder competition was part of the monthly competition programme and is not the competition that runs throughout the year.

A good turn out meant that the scores at the top of the results were pretty close with Dan loosing out on X count – but at least he beat Gavin! No, just a minute, four points is more than a beating it is a crushing!

And someone was ashamed of a 241.

At least Keith was able to take part

Dan on his way to a very close second place
