CLUB COMPETITIONS SUMMER '19

I apologise for the lack of competition reports, results and scores. At the beginning of July plumbers a plasterer and an electrician took over my house and I have not had time to much else other than sweep up dust and decorate.

So to try and catch up here is a summary of Club Competitions that took place. (I plan to do something similar for the Open competitions)

Military Rifle 11 August

Nigel W	0	0	0			0	0	0			0
Jim 2nd shoot	5	5				2	4	5	9		104

I think the weather put a few people off, but we managed to get 7 shooters. It was nice to see a wide variety of rifles being shot - all the major service rifles being represented (and some members even fitted Bayonets).

We had a dry shoot at 100, and then in true military Rifle style, the heavens opened for the 200m shoot! Luckily the roof did its job, and kept us dry. Until it was time to score that is!

Jim S won with his no.4, and then shot the match a second time with his SMLE, getting a better score!

Club Championship Part 1 & 2

This is shot in two parts, CF at 200 and SB at 50m. The targets and course of fire are the same for both except CF is shot prone and SM is standing, difficult!
